EXPERIENCE

Lead Product Designer - AI-Driven UX & Interaction Specialist

Oct 2025 - Present

Publicis Sapient - Remote

- Lead end-to-end product design for AI-powered enterprise solutions, focusing on UX strategy and interaction design that bridges technical feasibility with user needs.

Lead Product Designer

Jul 2023 - Apr 2025

Desteia (formerly Auba) - United States, Remote

- Designed a modular, mobile-first logistics intelligence tool (Strata) for SMEs, integrating LLM-powered workflows to deliver enterprise-grade insights at a cost-effective price point.
- Built a transparent, user-friendly interface that empowered lean logistics teams to make data-driven decisions without specialized training.

Senior UX/UI Designer - Product Designer

Feb 2022 - Jun 2023

Greymatter Innovationz - Guadalajara, Mexico

- Led UX research, wireframing, and visual design for AI-enhanced B2B SaaS products, improving task completion rates and reducing onboarding time.

Creative Director & Sr. UI/UX Designer

Feb 2020 - Mar 2022

ArteDigital Software Development

- Directed creative strategy and product design for client projects across fintech and industrial tech, overseeing design systems and brand consistency.

Product Designer

Feb 2018 - Jan 2020

STRIVE Benefits - Remote

- Designed BI-driven employee benefits platforms, combining user research and interaction design to improve engagement and retention.
